**QUARTER 4 KDSP II M& E Report**

**M & E QUARTERLY PROGRESS REPORT FOR APPROVED WORKPLAN FY 2024/25**

**A. BACKGROUND**

The Government of Kenya has received an International Development Association (IDA) Credit in the amount of EUR140.7 million (US\$150 million equivalent) from the World Bank for implementing the Second Kenya Devolution Support Program (KDSP II) (Credit Number IDA-7447-KE) over a four-year period, starting December 7th, 2023. KDSP II is supporting a sub-set of reforms envisaged under the Government's Devolution Sector Plan.

The Program, whose development objective (DO) is to “strengthen county performance in the financing, management, coordination, and accountability for resources”, supports a series of key interventions (at the input and output levels) that contribute to intermediate outcomes and, in turn, contribute to outcomes. To achieve the DO, the Program is expected to significantly improve outcomes in the participating counties under three key result areas (KRAs) outlined below:

**KRA 1: Sustainable Financing and Expenditure Management:** This KRA supports efforts towards enhancing financing to and expenditure management by counties.

**KRA 2: Intergovernmental Coordination, Institutional Performance, and Human Resource Management.** This KRA supports national and county government initiatives towards strengthening intergovernmental coordination, institutional performance, and Human Resource Management (HRM).

**KRA 3: Oversight, Participation, and Accountability.** KRA 3 will support improvements in oversight, participation, and accountability. The IPF component will support the development of guidelines on project stocktaking, community-led project management committees, and climate change risk screening and preparedness (including assessment of the climate resilience of existing infrastructure assets).
